

MALA Kicks Off Dementia Training Series

Monday, July 23, 2018

Ramada Marquette
412 W Washington Street
Marquette, MI 49855

MALA is excited to announce its new dementia training series entitled "Positive Approach to Dementia Care." This series will present a relational approach for providing support and services for persons living with dementia.

Participants in the dementia series will learn hands-on skills and techniques for the following objectives:

- Enhancing the relationship between the person living with dementia and care partners;
- Improving the quality of life of persons living with dementia;
- Building staff competence; and
- Increasing employee job satisfaction

About the Series: Each module in the Positive Approach to Dementia Care series is a complete stand-alone training. Attend any one seminar in the series or participate in multiple seminars.

Positive Approach to Dementia Care Series

Module 1: Foundation for Success

Module 1: Foundation for Success: This seminar focuses on Positive Approach to Dementia Care techniques, including Positive Physical Approach™. You will develop new skills related to approach, cueing, and ability to connect with people affected by dementia. Additionally, you will learn about the various types of dementia and unique challenges faced directly from persons living with dementia.

Take Away from Module 1: Foundation for Success training materials will be provided to allow you to immediately return to work and share this information with your entire staff. This series introduces fundamental skills which will enable your partners to shift from simply “dealing with the behaviors” to creating a calm, solution-oriented environment.

Presenter: Brenda Roberts, MALA Director of Quality Assurance and Education

- Certificate in Advanced Clinical Practice in Dementia
- MA in Education Administration and Community Leadership with a focus on the adult learner
- PAC (Positive Approach to Brain Change/Teepa Snow) Certified Trainer
- Care Partner for her husband who is living with young-onset dementia

Be prepared for a high-energy, hands-on session that provides you with practical tools and techniques which you will want to share with your staff and immediately put into practice.
